

Benefits for Your Organization

- **Save time, streamline workflow** – Individual or batch claim submission available 24/7/365
- **Maintain compliance** –
 - All transactions 100% compliant with HIPAA guidelines
 - Daily backup of claim files—data stored securely off-site in a US-based data center
 - ICD-10 compliant
- **Get one easy, fully integrated solution** – Verify claim acceptance, claim status, and received electronic remittance advice (ERAs) for over 2,200 commercial payers and Medicaid
- **Improve cash flow and maximize revenue** – Multiple levels of claim validation to reduce rejections and speed up reimbursement
- **Highest level of reliability and security** – Fully accredited by the Electronic Healthcare Network Accreditation Commission (EHNAC); approved Network Service Vendor; CAQH CORE-certified; and approved Health Information Handler (HIH). ABILITY consistently meets the highest industry and HIPAA standards of support and security for securing protected healthcare information.

ABILITY offers easy-to-use electronic claims processing services for providers with or without practice management software, allowing providers to submit to, and receive compliant transactions from, more than 2,200 insurance companies. Keep on top of all your claims — and keep your revenue on track.

- Providers without practice management software can key claim data directly into an electronic CMS-1500 form via a secure web portal, and can save insurance company, providers, and patient demographic information for future use.
- Providers currently using practice management software can use the simple batch upload service for processing all 837 EDI compliant claim formats. Data translation and mapping services also available for Print Image and NSF formats.

Product Features

- **Instinctive Data**[®] – a free offering exclusively for our customers that leverages your claims data to securely deliver valuable educational messaging and financial analysis relevant to your practice
- **Provider Revenue Center** shows breakdown of provider revenue by month and benchmarks your practice to others
- **All transactions fully HIPAA-compliant**

- **User-friendly, intuitive interface**
- **24/7/365 access** to payers
- **Minimal system requirements** – Easy implementation, with minimal IT involvement—ABILITY web-based services are compatible with current versions of industry-leading browsers (e.g. Internet Explorer, Chrome, Firefox).

The *my*ABILITY[®] Platform

Connect to all of your ABILITY services via myABILITY, a SaaS delivery platform that gives you on-demand access to everything you need. Whether it's all-payer claims and eligibility, Medicare connectivity, or revenue cycle management software, ABILITY can help your billing, patient access, and administrative areas work more effectively and efficiently.
