

Benefits for Your Organization

Get the overall picture of claims statuses via a powerful dashboard –

Gain immediate insights from your most-used reports on Medicare A/R and collections

Increase revenue collection with the Payment Summary Report

- Receive timely, accurate information on your KPIs
- Identify gaps in the reimbursement cycle for process improvements as well as revenue capture opportunities

Reduce Accounts Receivable days with the A/R Aging Report

- Easily identify and address at-risk revenue through close monitoring of claims in groups (status, age, etc.)
- Prioritize work lists and billing efforts for your staff

Build best practices by identifying trends with the Top Ten Reason Codes by ADR Report

- Get paid faster by reducing denials and expediting the claims payment process
- Improve your clean claims rate by submitting correct claims the first time
- Address recurring Medicare billing errors and other issues

Identify and follow up on at-risk revenue with the Claims Filing Limit Report

- Increase visibility to at-risk revenue with detailed tracking
- Get a “to-do” list of claims requiring immediate attention
- Ensure that all claim revenue is captured, including that approaching the 12-month timely filing limit

Get customized, relevant business intelligence without manual work –

Create reports showing just the data you need with a user-friendly drag & drop tool

Stop wondering and waiting for the information you need for financial forecasting and decision-making. With the enhanced reporting capabilities of **ABILITY | EASE Medicare Analytics**, you get immediate, deeper visibility into revenue operations at your fingertips. Key reports – all accessible from a single dashboard – can help you meet monthly collection targets; make cost-efficient decisions using up-to-date KPIs and business intelligence; prevent leakage by identifying and monitoring at-risk revenue; and see insights and trends specific to your organization’s needs.

ABILITY | EASE Medicare Analytics helps increase productivity by decreasing manual information-gathering and bringing user-friendly reporting software to your desktop. It’s time to streamline, simplify and gain greater control over your financial picture.

Additional Product Features

- **Secure, electronic medical documentation submission and tracking** to respond to First Level of Appeal (Redetermination) plus a built-in tracking workflow tool to help you manage other appeals
- **Automatically check eligibility status**, including HMO, Advantage Plans, Medicare as a Secondary Payer, and overlapping home health agencies
- **Daily email** informing you of Medicare dollars you'll receive that day, and expected dollars for the next day
- **"Move Catcher"** alerts you to patients who move from one HMO to another or switch back to traditional Medicare

- **Quick Click-to-Fix** for faster, automated claims correction
- **Management reports** – Full reporting capability with easy, analytical support showing status of Medicare revenue: claims in suspense, eligibility issues, T status claims, overnight summary report and unpaid claims report
- **Easy implementation, with minimal IT involvement** – ABILITY web-based services are compatible with current versions of industry-leading browsers

The **my**ABILITY[®] Platform
