

Claims Management Medicare Starter

Monitor pre-pay ADR, post-pay RAC, and all other audits and appeals

Medicare claims face more scrutiny than ever, driving up audits, shortening deadlines, and adding pressure to billing teams. Inovalon's Claims Management Medicare Starter™ simplifies esMD and eMDR use for faster ADR, RAC, and appeal responses.

With guided workflows and secure electronic submissions, you can eliminate paper, avoid mail delays, and ditch manual tracking.

From task assignment to documentation, everything happens in one place – helping you reduce risk, prevent delays, and keep payments moving.

Advantages for Your Organization

1

Speed up document submission

Avoid scanning, printing, or mailing by uploading all required files in one guided, solution built for Medicare reviews.

2

Track reviews in one place

Manage every ADR, RAC, audit, and appeal from a single solution – no more spreadsheets, folders, or chasing updates across systems.

3

Submit securely without paper

Send HIPAA-compliant responses online and cut the time, cost, and risk that comes with printing, postage, and physical delivery.

4

Stay ahead of deadlines

Assign tasks, monitor progress, and get real-time status updates to ensure nothing slips through the cracks during the review process.

5

Operate with confidence

As one of the longest standing HIIH (Health Information Handlers), Inovalon works tightly with CMS to ensure success of our esMD solution.

Who Benefits

Over 50,000 active, licensed customers¹ use Inovalon solutions.

Physician practices

Hospitals

Skilled nursing facilities

Billing companies

Rural health clinics

Health systems

Home health organizations

Software vendors

Solution Features

Full Medicare integration

Connect to key Medicare review programs – ADRs, RACs, PERM, CERT, and more – all in one system.

Real-time submission tracking

See real-time status of every audit and appeal submission so you know what's been sent, what's pending, and what needs action.

Guided appeal submission

Submit complete, accurate responses with confidence using guided workflows and pre-checked data.

Built-in worklist management

Assign, manage, and complete tasks using a built-in worklist to ensure nothing gets dropped.

Low-touch implementation

Get started fast with simple implementation and minimal technical support required.
